## SUMMARY

Procurement and Strategic Sourcing Analyst with experience in supplier evaluation, contract negotiation, and capital procurement strategy across multi-million-dollar scenarios. Skilled in category strategy development, RFQ/RFP/RFI execution, dual-sourcing, cost reduction, and supplier risk mitigation, with a proven ability to drive data-driven sourcing decisions, manage PO lifecycles, and optimize inventory planning and demand forecasting to support supply continuity

## WORK EXPERIENCE

**Student Consultant | Ally Financial** ***Jan 2025 – May 2025***

- Engineered Excel-based TCO model increasing vendor cost visibility by 30%, enabling KPI reporting, supplier scorecard development, and supplier comparison reports to support category strategy and strategic sourcing decisions
- Identified 12% cost savings through vendor consolidation, dual-sourcing evaluation, and contract optimization; managed PO workflows and enforced SLA compliance across indirect spend categories
- Elevated spend transparency by 35% via vendor-level cost allocation and performance analytics dashboards, enabling demand forecasting and inventory management planning across key spend categories
- Designed should-costing and scenario simulation frameworks across 25 lifecycle activities to reinforce procurement strategy and improve cross-functional alignment across 6+ departments
- Assessed supplier risk exposure across active vendor base and recommended risk mitigation strategies to resolve supply constraints and strengthen supply continuity planning

**Supply Chain Operations Intern | Técnicas Reunidas Engineers India Private Limited** ***Jan 2024 – May 2024***

- Expedited bid qualification by 20% assessing 50+ RFPs, aligning tender strategies with demand plans, safety stock requirements, and supplier lead time constraints
- Strengthened supplier responsiveness by 25% through structured RFx management across 30+ vendors per quarter; developed supplier scorecards tracking on-time delivery, quality KPIs, and performance trends
- Standardized RFQ/RFI workflows boosting efficiency by 22% via Lean 5S; led cost-marking and commercial evaluation to support contract negotiations and optimize terms and conditions
- Supported $10M+ project awards spanning reverse auctions, commercial negotiations, and contract execution; managed PO lifecycle from requisition conversion through delivery confirmation across multi-vendor projects using SAP MM
- Monitored supplier performance against KPIs, escalated corrective actions for delivery and quality deviations, and coordinated with cross-functional teams to resolve supply constraint issues
- Enhanced procurement cycle efficiency by 15% through SAP MM master data rationalization, PO/invoice reconciliation, and audit control improvements, ensuring compliance with procurement policies and regulatory requirements

## PROJECTS

**KidTech | Capacity Expansion & Partnership Strategy**

- Increased risk-adjusted NPV by $32.8M through comparative decision analysis of internal expansion vs. profit-sharing and royalty partnerships using decision trees and Monte Carlo simulation
- Recommended profit-sharing strategy over $131M self-build, reducing downside loss probability to 0% vs. 33% enabling risk-informed make-vs-buy and partnership sourcing evaluation

**Guatemalan Book Project | Global Logistics & Supply Chain Execution**

- Directed 1M-unit international sourcing and distribution initiative within $240K budget across 4 regions, coordinating vendor selection, freight contracting, and multimodal shipment execution
- Reduced logistics disruption exposure by 20% through contingency routing, alternate port planning, and cross-functional stakeholder coordination across a 2-year project timeline

## EDUCATION

**Master of Engineering Management | North Carolina State University, Raleigh, NC** ***Aug 2024 – May 2026***
**Courses:** Operations Research, Project Management, Supply Chain Decision Making, Database Applications

**Bachelor of Engineering in Mechanical Engineering | University of Mumbai, India** ***Jun 2019 – May 2023***
**Courses:** Supply Chain and Logistics management, Operations Planning and Control

## TECHNICAL SKILLS

**Procurement & Sourcing:** Strategic Sourcing, RFQ/RFP/RFI Management, Supplier Evaluation, Vendor Lifecycle Management, Contract Lifecycle Management, Procure-to-Pay, Make-vs-Buy Analysis, Dual Sourcing, Inventory Management, Demand Planning, Spend Analysis, SAP MM, Oracle ERP
**Supplier & Commercial Strategy:** Contract Negotiation, Supplier Relationship Management, Vendor Onboarding, SLA Compliance, Supplier Performance Monitoring, Corrective Action Management, Supplier Risk Assessment, Cross-Functional Collaboration, Global Sourcing, Audit & Controls Support, Procurement Governance
**Analytics & Financial Modeling:** Advanced Excel, TCO Modeling, NPV Analysis, Financial Modeling, Cost Benchmarking, KPI Reporting, Supplier Scorecards, Procurement Analytics, Sensitivity Analysis, PO Management, Cost Optimization
